AEM’S
CONFLICT MINERALS TRAINING

This section provides key information for understanding Conflict Minerals and identifying them in your products. Learners will:

- Identify Conflict Minerals
- Identify products that contain Conflict Minerals
- Recognize countries within the scope of the Conflict Minerals legislation
- Appreciate the importance of supply chain transparency
- Recognize third party programs available to date
- Identify actions that increase visibility in the supply chain

Conflict Minerals Training
Section 1
Approx. 12 minutes for completion

This section covers how to establish a due diligence reporting process within your supply chain based on the Organization for Economic Co-operation and Development (OECD) guidelines and best practices. Learners will:

- Appreciate the need to establish a due diligence procedure and policy in order to obtain quality data from your suppliers
- Identify the elements of the OECD guidelines for establishing effective due diligence policies
- Consider best practices for establishing due diligence
- Consider key components of your specific due diligence policy

Conflict Minerals Training
Section 3
Approx. 13 minutes for completion

Estimated Completion Time: 1 hour 15 minutes*

12 Learning Activities
Length: One module with three sections

*The training also includes an Introduction (approx. 10 minutes) and a Review/Post Quiz (approx. 13 minutes) which contribute to the overall training completion time.
